

Midwest Cover Crop Initiative 2022 Full Proposal Tip Sheet

STARTING AN APPLICATION

When you are ready to begin the application process, go to easygrants.nfwf.org.

- New users to the system will be prompted to register before starting their application.
- Existing users should log in using their e-mail address and password. If you have forgotten your password, please click the "Forgot your password?" link on the Easygrants login page and a reset link will be sent to you. The link expires within 24 hours of being sent.
- Once you are logged in, click the **Apply for Funding** button, and select Midwest Cover Crop Initiative 2022 from the list of "Available Funding Opportunities".
- Complete the Eligibility Quiz and Save and Submit your response.
- If you pass the Eligibility Quiz, Easygrants will return you to your personal Easygrants Home Page. From there, click on the Full Proposal for the Midwest Cover Crop Initiative 2022. Now you are ready to get started! If you do not pass the Eligibility Quiz, please contact the NFWF Program Contact identified in the RFP.

* * * * *

The instructions below follow sequentially through each section and field in Easygrants required for this program. You may, however, complete these sections and fields in any order. **You are encouraged to use the Help feature in Easygrants for additional guidance and examples.** Additional resources for applicants, including the Indirect Cost Policy, can be accessed on the NFWF website by clicking [here](#). Use the Quick Launch box on the left hand side of the screen to locate your desired information.

CONTACT INFORMATION

Enter the contact information for the primary person responsible for completing the Easygrants application (this person is tagged as the Principal). Additional personnel may be added to your Easygrants account by clicking the "Add" button and entering their information (tag as a Collaborator).

ORGANIZATION INFORMATION

Use the "Select Organization" button to search for your organization; you can search by Name, EIN number, or DUNS number. When searching by Name, it is recommended that you enter as few words as possible to ensure your return list is comprehensive. Select your organization from the list that is the most complete (has DUNS and/or EIN numbers). If Easygrants informs you that your organization's EIN or DUNS already exists but you are unable to find your organization, please contact Easygrants@nfwf.org for support (include your organization's name, EIN, DUNS). If your organization is new to Easygrants, click the "Add New" button at bottom of list and fill out your organization's information.

PROJECT INFORMATION

- **Project Title:** Please do not call your project "Midwest Cover Crop Initiative Project". Give the project a short, descriptive name that will distinguish it from other proposals and indicate project purpose. (300 character limit, including spaces)

Take Note!

- **Pop-ups:** Easygrants uses pop-up windows to display some files. Please make sure your web browser allows for pop-ups. The internet browser pop-up blocker must be disabled prior to beginning the application process. You can also try holding the Shift or Control (CTRL) key when clicking the link.
- **Cookies:** Easygrants uses cookies to maintain the session information. Please make sure that your browser and computer can accept cookies.
- **PDF:** Easygrants uses PDFs extensively. Make sure you are able to use Adobe Reader.
- **SAVING AND SUBMITTING:** Once an application has been initiated, it may be saved and then modified and submitted at a later time, up to the application deadline of **March 28, 2022 at 11:59 PM Eastern Standard Time**. Please note DO NOT hit the "Submit" button until you are actually ready to submit. Once you hit submit the application is formally submitted and you may no longer make changes.

- **Project Start Date:** Given the time that will be required to finalize grant agreements, the recommended project start date to list in the application is **June 1, 2022**.
- **Project End Date:** The grant period of performance should be approximately 4 years. This period encompasses time to: 1) develop 4-year farmer contracts in 2022; 2) monitor and report on planting activities under those contracts in 2022, 2023, 2024 and 2025; and 3) coordinate farmer payment requests through the duration of the farmer contracts. The recommended end date to list in the application is **March 31, 2026**. Timing of grant agreement finalization may not allow sufficient time to hire new position(s) to accomplish the scope of work required for 2022. As such, grantees may need to be prepared to rely on existing staff for delivery of project outcomes, at least in the first year.
- **Description:** Should be two sentences long in most cases. The first sentence should clearly state the main activity/method being used to address a specific species/habitat and location. The second sentence should state the expected outcome from the investment and relevance to conservation. Please refrain from using pronouns such as I, we, our, etc. (1,000 character limit, including spaces)
- **Abstract:** Provide a more detailed description of your project; including location, purpose, major activities, target species, specific habitat, outcomes (deliverables at the end of the grant period) and partners. Please refrain from using pronouns such as I, we, our, etc. (1,500 character limit, including spaces)
- **Requested Amount:** Grant requests should be between **\$200,000 to \$600,000** (please review the Request for Proposal for categories of funding). Applicants are encouraged to propose the maximum number of acres they can deliver in 2022, and application budgets should reflect the funding needed for cost-effective delivery of those acres.

PROJECT LOCATION

- **Project Location Country:** All projects must occur within “North America – United States”.
- **Project Location State/Province:** Select all states that apply.
- **Project Location U.S. Congressional District(s):** As of January 1, 2013, Congressional District lines were redrawn in many states. Please carefully review the district(s) for your project’s location. If you are not sure what the Congressional District(s) should be, you can enter the project zip codes or addresses at <http://www.govtrack.us/congress/members/map> to determine the correct district(s) for your project. If your project takes place statewide, please select the “All Districts” option for that state.
- **Project Location Description:** This field will be pre-populated with information from your pre-proposal; however, you may edit to reflect changes or refinements to your project location.

MAP

This section allows you to map the location(s) of your proposed project. Follow the page instructions provided in Easygrants. For more detailed assistance, refer to the [Map Page Help](#) document or [Mapping Video Tutorial](#).

- Navigate to the map window and click “Save” at the bottom of the page to begin mapping your project.
- There are three methods of submitting the location(s) of your project:
 - I. Upload a Shapefile
 - II. Select by Geography
 - III. Draw a Custom Area
- Once your location(s) have been created, click “Submit Project Location”.
- To finalize your location, click the “Confirmation” check box at the bottom of the page.
- Then click “Save” (or “Save & Continue”) to save your map and move to the next task.

UPLOADS

To complete your application, you must upload one or more files into Easygrants. In general, please minimize the file size of your uploads, and especially files that include photos, diagrams or logos. There is a file size limit of 15 megabytes.

- **Full Proposal Narrative:** The **full proposal narrative template** may be downloaded from Easygrants at any time and completed at your leisure. It must be uploaded back into your Easygrants application before your application may be submitted. The narrative may not exceed five (5) pages in total length.
- In addition to the narrative, several other files should be uploaded. Following is guidance regarding all required and optional uploads:

Upload	Required	Notes
Narrative	Yes	Template provided in Easygrants online application "Uploads" section. Five (5) page limit.
Statement of Litigation	Yes	Template provided in Easygrants online application "Uploads" section. Federal, state, and local government applicants are not required to complete this section.
Board of Trustees or Directors	Yes	Provide a list of members. If your organization is not a nonprofit and does not have a Board, upload a document stating that none exists.
GAAP Audited Financial Statements*	Yes	Please refer to the Required Financial Documents and FAQs webpage for details on all financial information required for submission.
IRS Form 990*	Yes	Please refer to the Required Financial Documents and FAQs webpage for details on all financial information required for submission.
Single Audit*	Yes	Please refer to the Required Financial Documents and FAQs webpage for details on all financial information required for submission.
Applicant Controls Questionnaire	Yes	Please refer to the Required Financial Documents and FAQs webpage for details on all financial information required for submission.
Photos	No	Please compress photos to minimize file size. 3 photos maximum.
Applicant Demographic Information Form**	Yes	Template provided in Easygrants online application "Uploads" section. While this upload is required, you can opt out of providing the information within the form. If your organization has provided NFWF with this information in the last 12 months, please indicate that in the opt out drop down menu.

*** If your organization has recently applied to NFWF for a grant and valid information is already on file in Easygrants and is current, you will not be asked for these uploads and these categories will not appear for you in Easygrants.** Also, please note that financial documents may not show a 'successfully converted' status when you are uploading them. This is because financial documents are not pulled into the full proposal PDF but are stored in a separate part of the easygrants system which can only be accessed by NFWF staff once uploaded.

** The information provided on this excel form will be kept confidential, although the Foundation may share its aggregate findings as appropriate with its staff, Board of Directors, funding partners, and publicly on its website or through other media. The Foundation will not share identifying information about any particular entity or project. These anonymized aggregate data will be used by NFWF to better understand the demographic profiles of the organizations that we fund. The information you provide will **NOT** be shared with proposal reviewers and will **NOT** be considered when making grant decisions.

METRICS

This section allows you to select the activity and outcome metrics you will use to measure your project's progress and success. Follow the directions provided in Easygrants to complete this section. A couple of pointers:

- A list of metrics associated with this program will be presented.
- Hover your mouse cursor over the "?" next to a metric to read its description and specific guidance.
- The metric '**acres with cover crops**' is required. You will need to enter values for that metric.
- You may also enter values for other optional metrics.
- For each metric you will need to provide values for "Starting Value" and "Target Value". In most cases the starting value will be zero (0).
- In your project narrative, you will have the opportunity to describe additional activities and outcomes associated with your project.

BUDGET

Please refer to the [Detailed Budget Instructions](#) sheet in order to accurately complete a budget for this project.

- Budgets without narrative descriptions may be rejected and/or returned to the applicant for further details and clarification.
- Narratives should be written in such a way that someone not specifically familiar with the project can conceptually understand the rationale, purpose and calculation of the anticipated costs identified.
- The "Requested Amount" in the Project Information section must match your budget grand total exactly. The budget should only represent the grant amount being requested from NFWF; it should not include matching funds or represent the overall budget for the project.
- NFWF reserves the right to evaluate the cost-effectiveness of a budget, which may include, but is not limited to, an assessment of either or both direct and indirect costs in the proposed budget.

Indirect Costs: If you intend to include indirect costs in your budget, please review NFWF's [Indirect Cost Policy](#).

- The federal government has determined that a *de minimis* 10% indirect rate is an acceptable minimum for organizations without a NICRA, as such NFWF reserves the right to scrutinize **ALL** proposals with indirect rates above 10% for cost-effectiveness.
- If you are including indirect costs in your budget request, please provide a narrative description identifying what the indirect request will be supporting (e.g., CEO salary, rent for lab space central to project site, etc.).
- Indirect cost narratives should include a statement of whether the applicant has ever had a NICRA. If the applicant has a NICRA, it shall include supporting documentation.
- Budgets without narrative descriptions for indirect costs may be rejected and/or returned to the applicant for further details and clarification.

MATCHING CONTRIBUTIONS

This funding opportunity does not require matching contributions. However, matching contributions may make a project more competitive. Matching contributions may include cash, in-kind contributions of staff and volunteer time, work performed, materials and services donated, or other tangible contributions to the project objectives and outcomes. In addition, eligible indirect costs (that would not be paid with requested grant funding) may be applied as match. More information about using indirect costs as match can be found at: www.nfwf.org/whatwedo/grants/applicants/Pages/indirect-policy.aspx. Matching contributions must be spent or applied between the start and end dates indicated in the application.

Click the “Add” button to add sources of matching contributions, and list each source separately in the space provided. Match consists of the portion of project costs not paid with NFWF funds and may be in the form of cash, in-kind or volunteer contributions. Match must meet all of the following criteria:

Non-federal Matching Contributions:

- Verifiable from the grantee’s records
- Not included as contributions for any other Federal award
- Reasonable and necessary for accomplishment of project or program objectives
- Committed directly to the project and used within the period of performance
- Allowable under OMB 2 CFR 200 Cost Principles

Federal Matching Contributions*:

- Verifiable from the grantee’s records
- Reasonable and necessary for accomplishment of project or program objectives
- Committed directly to the project and used within the period of performance

**While they do not count toward the non-federal matching requirement, applicants are encouraged to include federal contributions to demonstrate the full scope and support of the project or to meet the match requirement of a non-federal NFWF program.*

PERMITS and APPROVALS

If permits and/or approvals are required for this project, click the “Add” button to provide details for each permit and/or approval. Include extra information in the description section as necessary (e.g., pre-permit meeting held on Jan. 1, 2013, etc.).

REVIEW and SUBMIT

When you are ready to submit, each section of your proposal should be indicated “Complete” with a green check mark (✓) in the “Status” column. If any section is indicated “Incomplete” with a red (✗), you will not be able to submit and must go back and check your work in each section that is “Incomplete”. The Validation Status section on the Review and Submit page explains why the system indicates a section is “Incomplete”.

To view and save your proposal you may click on the “View PDF” button. This function creates a composite file with all of the fields and substantive uploads, which you may then save as a stand-alone document. Please note that some of the financial documentation will be excluded from the composite file, but will be received by NFWF upon submission. Once you have reviewed your proposal for accuracy, click the “Submit” button to officially submit your proposal. Upon submission, you will receive a confirmation email from Easygrants@nfwf.org.

FREQUENTLY ASKED EASYGRANTS QUESTIONS

1. How do I get back into the Easygrants online system when locked out?

Please send an email to Easygrants Helpdesk (Easygrants@nfwf.org) with your name, easygrants ID #, e-mail address, phone number, program you are applying to, and a description of the issue.

2. I forgot my Easygrants password. How do I get this information sent to me?

Please go to easygrants.nfwf.org, click the “Forgot your password?” link, enter your e-mail address as the Login ID, and click Submit. Easygrants will e-mail you a copy of your login information. Please note that the reset password link expires after 24 hours of being sent. If it has been longer than 24 hours since the initial request you will have to request another link in order to reset your password. If you are unable to log in after having attempted to reset your password please send an email to Easygrants Helpdesk (Easygrants@nfwf.org) with your name, easygrants ID #, e-mail address, phone number, program you are applying to, and a description of the issue.

3. I have finished my proposal and it is not showing up as completed.

Please remember to hit the “submit” button in the Review and Submit section of the application when you have completed the application. When a task is properly submitted in easygrants the task will no longer be visible on the user’s homepage.

4. How will I know when NFWF has received my completed application?

You will receive an automated notification from Easygrants@nfwf.org.

5. I completed the application and it will not submit. Why not?

If you are unable to submit your application, go to the Review and Submit form in the application. If any section is indicated “Incomplete” with a red (X), there will also be an explanation as to why the system indicates the section is “Incomplete”. You must go back and check your work in each section that is “Incomplete”. Below are two examples that frequently prevent submission:

- 1) Check the Project Information section of the Easygrants online application “Requested Amount” to see if it matches your budget grand total. The amounts must match **exactly** (down to the cent) for you to be able to submit a proposal. Please edit your Requested Amount and/or budget if needed.
- 2) Do not complete sections of the budget where you have no costs. If you entered “0” for any budget line items, delete those line items. Placing a “0” in these line items will prevent you from submitting a proposal.

6. What should I do if a page crashes in Easygrants?

If you receive a System Encountered Error it is important to follow the instructions on the page.

- 1) First, click **Resume** and you should return to the previous page. Check if the action you tried to complete occurred. If the action did not complete, make a note of what page you are on and what button or link you are clicking.
- 2) Retry the action. If the system crashes again you must click the **Send an E-mail** to report the issue. This will open a Send Error Message E-mail page in a new window or tab. **Do not skip these steps and e-mail Easygrants Helpdesk yourself; we need the information in this e-mail to resolve your issue.**
- 3) In the email to Easygrants Helpdesk, please enter your name, easygrants ID #, e-mail address, phone number, and a description of what happened. The description needs to include what page you were on, what data you may have typed into the page, what button/link you clicked, and what you were trying to do.
- 4) Click **Submit** to send the message and report the error. This will be sent to the NFWF Easygrants Helpdesk along with additional technical information sent by Easygrants.

7. I need to download a copy of my submitted proposal.

To download a copy of your proposal after submitting please go to your Home screen, click the **View All Tasks** button, and find your proposal in the list of tasks. Click **View PDF** to download a copy of your proposal. If the PDF does not open or begin downloading please try again, holding the Shift or Control (CTRL) key on your keyboard to override your pop-up blocker. Please note that proposals are only available for a limited time after a cycle closes.

HELP WITH THE EASYGRANTS ONLINE SYSTEM

For Easygrants technical support please contact our Helpdesk at Easygrants@nfwf.org or leave a message at 202-595-2497. Please include your name, easygrants ID #, e-mail address, phone number, program you are applying to, and a description of the issue. Helpdesk hours are 9:00 AM to 5:00 PM EST, Mon-Fri.
