## 1 - Implementation Grants

<table>
<thead>
<tr>
<th>Eligibility</th>
<th>Geographic Focus</th>
<th>Non-federal cost share</th>
<th>Award Size</th>
<th>Project Length</th>
</tr>
</thead>
<tbody>
<tr>
<td>States, Territories, and Tribes</td>
<td>National</td>
<td>States - 10% of costs, at least 2.5% must be cash</td>
<td>$1 million - $5 million</td>
<td>Up to 4 years</td>
</tr>
</tbody>
</table>

**Project Focus**

Implementation projects that address the program priorities on public, Tribal, and/or private lands. Partnerships with NGOs and localities through subawards are encouraged. Program Priorities:

- Benefit At-Risk Fish, Wildlife and Plant Species
- Expand Habitat Connectivity
- Provide a Range of Ecosystem Services
- Strengthen Ecosystem and Community Resilience
- Engage Local Communities
- Support Tribally Led Conservation and Restoration Priorities
- Contribute to Local or Tribal Economies
- Contribute to Workforce Development

## 2 - Planning, Collaboration, & Engagement Grants

<table>
<thead>
<tr>
<th>Eligibility</th>
<th>Geographic Focus</th>
<th>Non-federal cost share</th>
<th>Award Size</th>
<th>Project Length</th>
</tr>
</thead>
<tbody>
<tr>
<td>States, Territories, and Tribes</td>
<td>National</td>
<td>States - 10% of costs, at least 2.5% must be cash</td>
<td>$200,000 - $1 million</td>
<td>Up to 1 year</td>
</tr>
</tbody>
</table>

**Project Focus**

Projects that enhance local capacity to implement future on-the-ground actions through community-based assessments, partnership building, planning, project design, and other technical assistance-oriented activities. Projects in this category should include multiple partners, be at a significant scale for the landscape/watershed/seascape and clearly demonstrate how efforts will lead to implementation projects.

## 3 - Grants to Buffer and Benefit Public Lands

<table>
<thead>
<tr>
<th>Eligibility</th>
<th>Geographic Focus</th>
<th>Non-federal cost share</th>
<th>Award Size</th>
<th>Project Length</th>
</tr>
</thead>
<tbody>
<tr>
<td>Non-profits, local, municipal governments, and educational institutions</td>
<td>Sentinel Landscapes and areas that advance military mission; USFS lands, areas benefiting USFS land, other Federal and Tribal lands</td>
<td>DoD Funds: None</td>
<td>$200,000 - $1.5 million</td>
<td>2-4 years</td>
</tr>
</tbody>
</table>

**Project Focus**

Projects that result in direct, on-the-ground conservation actions that benefit National Forests and DoD facilities. Projects should be targeted toward outcomes identified in a conservation implementation plan.

- DoD funds will be prioritized to Sentinel Landscapes or areas that advance the military mission (e.g., the Pacific region or directly supporting an installation). DoD funds may not be used for work directly on military lands.
- USFS Funds will support invasive species detection, prevention, and treatments benefiting USFS lands, as well as collaboratively-developed fish passage and water quality projects on Federal and Tribal lands.

## 4 - Private Forests, Rangeland and Farmland Grants

<table>
<thead>
<tr>
<th>Eligibility</th>
<th>Geographic Focus</th>
<th>Non-federal cost share</th>
<th>Award Size</th>
<th>Project Length</th>
</tr>
</thead>
<tbody>
<tr>
<td>Non-profits, local, municipal governments, and educational institutions</td>
<td>Private lands with a focus on implementing Working Lands for Wildlife Frameworks</td>
<td>50% of costs</td>
<td>$200,000 - $500,000</td>
<td>2-3 years</td>
</tr>
</tbody>
</table>

**Project Focus**

Projects that support outreach and engagement with private lands to advance voluntary conservation efforts on working lands that align with the NRCS Working Lands for Wildlife Framework (e.g. sagebrush, grasslands, bobwhite quail, northeast turtles, golden-winged warbler).
