REPORT OF INDEPENDENT CERTIFIED PUBLIC ACCOUNTANTS

Board of Directors National Fish and Wildlife Foundation and Subsidiary

Report on the Consolidated Financial Statements

We have audited the accompanying consolidated financial statements of the National Fish and Wildlife Foundation and subsidiary (the "Foundation") which comprise the consolidated statements of financial position as of September 30, 2017 and 2016, and the related consolidated statements of activities and change in net assets and cash flows for the years then ended, and the related notes to the consolidated financial statements.

Management's Responsibility for the Consolidated Financial Statements

Management is responsible for the preparation and fair presentation of these consolidated financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these consolidated financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Foundation's preparation and fair presentation of the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Foundation's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the consolidated financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Grant Thornton LLP One South Street, Suite 2400 Baltimore, MD 21202 T 410.528.2020 F 703.919.6773 www.GrantThornton.com

Opinion

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the consolidated financial position of the National Fish and Wildlife Foundation and subsidiary as of September 30, 2017 and 2016, and the changes in their net assets and their cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Supplementary Information

Our audits were conducted for the purpose of forming an opinion on the consolidated financial statements as a whole. The Schedule of Expenditures of Federal Awards for the year ended September 30, 2017, as required by the Title 2 U.S. Code of Federal Regulations (CFR) Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards, is presented for purposes of additional analysis and is not a required part of the consolidated financial statements. Such supplementary information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the consolidated financial statements. The information has been subjected to the auditing procedures applied in the audits of the consolidated financial statements and certain additional procedures. These additional procedures included comparing and reconciling the information directly to the underlying accounting and other records used to prepare the consolidated financial statements or to the consolidated financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the supplementary information is fairly stated, in all material respects, in relation to the consolidated financial statements as a whole.

Other reporting required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report, dated February 9, 2018, 2018, on our consideration of the Foundation's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Foundation's internal control over financial reporting and compliance.

Notes to Consolidated Financial Statements

September 30, 2017 and 2016

NOTE A—ORGANIZATION

On March 26, 1984, by an act of law (the Act), the United States (U.S.) Congress established the National Fish and Wildlife Foundation as a charitable and nonprofit corporation. The Foundation is not an agency or establishment of the U.S. government. The purpose of the Foundation is to encourage, accept, and administer private gifts of property for the benefit of, or in connection with, the activities and services of the Department of Interior/U.S. Fish and Wildlife Service (DOIFWS) and, subsequently, the National Oceanic and Atmospheric Administration (NOAA), and to undertake and conduct such other activities to further the conservation and management of fish, wildlife, and plant resources for present and future generations.

Besides receiving funding through DOIFWS annual appropriations, the Foundation also receives funding in the form of other appropriated funds and/or cooperative agreements with many of the other principal U.S. government agencies. In addition to funds received from the U.S. government, the Foundation receives donations from individuals, corporations, and foundations for the general benefit of the Foundation and in support of specific initiatives and/or projects managed by the Foundation.

The Foundation disburses funds to federal, state, and local agencies, persons, other foundations and organizations in connection with conservation projects necessary to carry out the intended purposes of the Foundation.

Walker Basin Conservancy (WBC) was incorporated by the Foundation in September 2014 as part of the objectives of its Walker Basin Restoration Program (WBRP) funded by a federal cooperative agreement between the Foundation and the U.S. Bureau of Reclamation. WBC fulfills a requirement of the original legislation, Public Law 111-85, to establish a local nonprofit to act as a steward of the land and water resources associated with the WBRP. The purpose of WBC is to promote the restoration and maintenance of Walker Lake, a natural desert terminal lake in the State of Nevada, in a manner consistent with protection of agricultural, environmental, and habitat interests in the Walker River Basin, the ecological health of the Walker River, and the riparian and watershed resources of the West, East, and Main Walker Rivers.

NOTE B—SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Presentation

The consolidated financial statements are prepared on the accrual basis of accounting.

Principles of Consolidation

The accompanying consolidated financial statements include the accounts of National Fish and Wildlife Foundation and Walker Basin Conservancy (together the "Foundation"). Consolidated financial statements are presented because of the existence of common control and economic interest for the years ended September 30, 2017 and 2016. All intercompany transactions are eliminated upon consolidation.

Notes to Consolidated Financial Statements-Continued

September 30, 2017 and 2016

NOTE B—SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES—Continued

Use of Estimates

The preparation of consolidated financial statements in conformity with accounting principles generally accepted in the United States of America (US GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the consolidated financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Investments

The Foundation records investments that qualify as securities as defined in Financial Accounting Standards Board Accounting Standards Codification (ASC) 320, *Investments – Debt and Equity Securities* at fair value.

Investment income and losses, including unrealized gains and losses, are recognized currently in the accompanying statement of activities, except for those investments held in mitigation and settlement funds or whereby the investment income accrues to the contractual obligation. Gains and losses on investments, realized and unrealized, are recorded as of the settlement date. Investment income is unrestricted unless the donor of the original contribution restricts the earnings.

Fair Value

ASC 820, Fair Value Measurements and Disclosures, establishes a single authoritative definition of fair value, sets a framework for measuring fair value, and requires additional disclosures about fair value measurements. In accordance with ASC 820, the Foundation classifies its assets and liabilities into Level 1 (securities valued using quoted prices from active markets for identical assets), Level 2 (securities not traded on an active market for which observable market inputs are readily available), and Level 3 (securities valued based on significant unobservable inputs). Investments are classified in their entirety based on the lowest level of input that is significant to the fair value measurement. The fair value of alternative investments is determined using the net asset value (NAV) per share as a practical expedient and have not been categorized within the fair value hierarchy.

Income Taxes

The Foundation and WBC are both exempt from federal income taxes under Section 501(c)(3) of the Internal Revenue Code, except for unrelated business income. The Foundation has processes presently in place to ensure the maintenance of its tax-exempt status; to identify and report unrelated income; to determine its filing and tax obligations in jurisdictions for which it has nexus; and to identify and evaluate other matters that may be considered tax positions.

Under ASC 740-10, an organization must recognize the tax benefit associated with tax positions taken for tax return purposes when it is more-likely-than-not that the position will be sustained. The assessment of the tax position is based solely on the technical merits of the position, without regard to the likelihood that the tax position may be challenged. The Foundation and WBC have determined that there are no material uncertain tax positions that require recognition or disclosure in the financial statements. For the tax years ended September 30, 2017 and 2016 the Foundation and WBC did not recognize any interest or penalties.

Notes to Consolidated Financial Statements-Continued

September 30, 2017 and 2016

NOTE B—SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES—Continued

Revenue Recognition

Federal appropriations and grants are deemed to be exchange transactions and are reported as revenues in unrestricted net assets, when the Foundation has incurred expenses in compliance with the appropriation or grant requirements. Such amounts received but not yet earned (advances and reimbursements in excess of costs incurred) are reported as deferred revenue. Costs incurred in excess of amounts received are reported as receivables from U.S. government agencies.

Contributions received are recorded as unrestricted, temporarily restricted, or permanently restricted support, depending on the existence and/or nature of any donor restrictions. When a donor restriction expires, that is, when a stipulated time restriction ends or a purpose restriction is accomplished, temporarily restricted net assets are reclassified to unrestricted in the statement of activities as net assets released from restrictions.

Receivables

The Foundation's receivables consist primarily of receivables from U.S. government agencies, pledges and interest receivable. The specific identification method is used to determine whether an allowance for doubtful accounts should be established. For the years ended September 30, 2017 and 2016, it was determined that no allowance for doubtful accounts was necessary. In addition, management calculates a discount for multi-year pledges received. For the years ended September 30, 2017 and 2016, the unamortized discount totaled \$1,290,127 and \$28,841, respectively.

Mitigation and Settlement Funds

The Foundation manages certain mitigation and settlement funds in connection with the Foundation's charter to undertake and conduct activities that will further the conservation and management of fish, wildlife and plant resources. Management fees are earned by the Foundation in connection with these activities, which include monitoring project progress, processing payments to organizations, performing services on projects, assisting with evaluating project proposals, and in several instances, implementing the entire scope of activities from the request for project proposals to funds disbursement and eventual project close-out. The Foundation acts as custodian of funds received and each fund is held and managed as a distinct investment by the Foundation's investment management service providers. The funds maintained by the Foundation at year-end are reflected as an asset and liability in the accompanying consolidated statements of financial position. Amounts disbursed to projects are reflected as both revenues and expenditures in the consolidated statement of activities which results in a change in net assets of zero. Investment income from mitigation and settlement funds for specific organizations is recorded as an asset and corresponding liability when earned. Mitigation and settlement funds include money market funds, treasury and government agency funds and debt and equity securities which are recorded at their fair values based on quoted market prices.

As of September 30, 2017 and 2016, the Foundation had a liability of \$1,596,178,998 and \$1,179,591,316 of funds under management in connection with 255 and 208 mitigation and settlement agreements, respectively. During the years ended September 30, 2017 and 2016, the Foundation expended \$136,091,698 and \$133,460,756, respectively, of mitigation and settlement funds on various conservation projects.

Notes to Consolidated Financial Statements-Continued

September 30, 2017 and 2016

NOTE B—SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES—Continued

Property and Equipment

Property and equipment are recorded at cost and depreciated using the straight-line method over the estimated useful life of the asset as follows:

Furniture and equipment	5 years
Management information system	3 years

Leasehold improvements are amortized over the lesser of the estimated useful life of the improvement or the related lease term.

The Foundation capitalizes property and equipment with an original cost of \$5,000 or more. Bulk purchases of similar items from the same vendor with an aggregate value of \$5,000 or more are also capitalized.

Net Assets

The Foundation classifies net assets into three categories: unrestricted, temporarily restricted, and permanently restricted. Unrestricted net assets represent contributions not subject to any donor imposed restrictions. Unrestricted Board-designated net assets represent Board-approved funds for specific purposes. Temporarily restricted net assets represent contributions with temporary, donor-imposed time or purpose restrictions. Temporarily restricted net assets become unrestricted when the time restrictions expire or the funds are used for their restricted purposes and are reported in the consolidated statement of activities as net assets released from restrictions. Temporarily restricted contributions whose restrictions are fulfilled in the same fiscal year that the contributions are received are reported initially as temporarily restricted assets is recorded as unrestricted income unless restrictions. Investment income from temporarily restricted income unless restricted by the donor. As of September 30, 2017 and 2016, the Foundation did not have any permanently restricted net assets.

Expense Allocation

The costs of providing various programs have been summarized on a functional basis and allocated among programs and supporting services benefited. Personnel and occupancy expenses are allocated based on time incurred and space occupied, respectively, by Foundation personnel. Program costs include expenditures directly attributable to various conservation programs.

Cash

As of September 30, 2017 and 2016, cash consisted of demand deposits. As of September 30, 2017 and 2016, cash included funds of \$7,161,745 and \$10,706,934, respectively, held for mitigation and settlement.

Notes to Consolidated Financial Statements-Continued

September 30, 2017 and 2016

NOTE B—SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES—Continued

Concentration of Credit Risk

Cash is maintained at various institutions and at time total deposits maintained exceed the amount insured by federal agencies and, therefore, bear some risk. The Foundation has not experienced any losses as a result of exceeding such amounts. As of September 30, 2017 and 2016, there was \$16,674,989 and \$13,218,176, respectively, in funds held in excess of the Federal Deposit Insurance Corporation (FDIC) limit.

Adoption of New Accounting Pronouncement

In May 2015, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2015-07, *Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent)*, which exempts investments measured using the NAV practical expedient in ASC 820, *Fair Value Measurement*, from categorization within the fair value hierarchy. The guidance requires retrospective application and is effective for non-public business entities for interim and annual reporting periods beginning after December 15, 2016. Early application is permitted. Management adopted the provisions of this new standard during the fiscal year.

Reclassifications

To conform to the current year presentation, \$2,904,154 reported within designated unrestricted net assets in the prior year has been reclassified. The reclassifications had no impact on previously reported net assets.

Subsequent Events

The Foundation evaluated its consolidated financial statements for subsequent events through February 9, 2018, the date the consolidated financial statements were available to be issued. The Foundation is not aware of any subsequent events which would require additional recognition or disclosure in the consolidated financial statements as of September 30, 2017.

Notes to Consolidated Financial Statements-Continued

September 30, 2017 and 2016

NOTE C-INVESTMENTS

Investments at September 30, 2017 and 2016, excluding mitigation and settlement funds, consist of the following:

	2017	2016
Money market funds	\$ 20,857,847	\$ 14,649,351
Corporate debt securities	231,307,794	235,556,994
Treasury and government agency funds	60,649,226	67,525,866
Partnership interests and hedge funds	33,223,077	35,550,122
	\$ 346,037,944	\$ 353,282,333

The Foundation's total net investment income for the years ended September 30, 2017 and 2016, consists of the following:

	2017	2016
Interest and dividends Realized losses on sales of securities Unrealized gains on securities held	\$ 8,252,683 (4,674,921 3,271,203	
Investment income	6,848,965	11,474,277
Less: investment management fees	(1,686,901) (1,558,245)
Investment income, net	\$ 5,162,064	\$ 9,916,032

In addition to total net investment income recognized for the years ended September 30, 2017 and 2016, \$36,691 and \$74,034 of additional investment income was earned on certain federal cooperative grant advances and other exchange contracts for the years ending September 30, 2017 and 2016, respectively, and recorded as deferred revenue on the accompanying consolidated statements of financial position. This additional investment income is available for specific program expenditures.

Notes to Consolidated Financial Statements-Continued

September 30, 2017 and 2016

NOTE D-MITIGATION AND SETTLEMENT FUNDS

The market value of mitigation and settlement funds managed for specific organizations at September 30, 2017 and 2016 consists of the following:

	2017	2016
Money market funds Corporate debt securities Treasury and government agency funds Equity funds Partnership interests and hedge funds	\$ 214,044,540 704,116,675 583,339,208 1,343,653 89,716,648	\$ 66,124,775 535,778,088 499,919,242 1,307,809 77,773,033
Subtotal funds held in investments	1,592,560,724	1,180,902,947
Accrued interest	6,075,424	3,751,425
Mitigation and Settlement Funds	\$1,598,636,148	\$1,184,654,372

Investment income of \$20,728,764 and \$17,647,890 was earned on funds managed for specific organizations in 2017 and 2016, respectively.

NOTE E-FAIR VALUE MEASUREMENTS

The following is a description of the valuation methodologies and inputs used for investments measured at fair value, as well as the general classification pursuant to the valuation hierarchy.

- *Money market funds:* Valued at the closing price reported on the active market on which the individual (or similar) securities are traded.
- Corporate debt securities, treasury and government agency bonds, and equity funds: When quoted prices are available in an active market, corporate debt securities, treasury and government agency bonds, and equity funds are classified within Level 1 of the fair value hierarchy. Quoted prices in inactive markets are classified within Level 2. If quoted market prices are not available or accessible, then fair values are estimated using pricing models, matrix pricing, or discounted cash flow models. The fair values of these instruments estimated using pricing models or matrix pricing based on observable prices of corporate debt securities that trade in inactive markets are generally classified within Level 2 of the fair value hierarchy. Securities are classified within Level 3 when there is limited activity or less transparency around inputs to the valuation.
- *Partnership interests and hedge funds:* When quoted market prices are not available or accessible and cannot be estimated using pricing models, matrix pricing, or discounted cash flows, the investments are valued at the NAV of shares or its equivalent, held by the Foundation at year end.

Marine Habitat Program	1,068,911	1,978,130
Other Conservation Initiatives	12,595,664	16,739,067
Total	\$ 107,321,766	\$ 87,355,005

Notes to Consolidated Financial Statements-Continued

September 30, 2017 and 2016

NOTE H—COMMITMENTS AND CONTINGENCIES

Operating Leases

The Foundation leases office space under various non-cancelable operating leases that expire through 2026. In December 2007, the Foundation entered into a lease for an office space at 1133 15th Street, Washington, D.C. The lease commenced in October 2008 and continues through 2026. In September 2015, the Foundation entered into an agreement to amend this lease to increase the total space of rentable area on the property which is the subject of the lease. Monthly rental payment is at \$96,872 with an annual escalation of two and a half percent. This lease agreement includes a tenant improvement allowance of \$668,400. The tenant improvement allowance balance was \$637,456 and \$0 as of September 30, 2017 and 2016, respectively. The allowance utilized is included within deferred rent and is being amortized on a straight-line basis over the lease term as a reduction of rent expenses. On a September 30 fiscal year basis, future minimum lease payments consist of the following:

Year ended September 30

2018	\$ 1,956,056
2019	1,995,499
2020	2,048,198
2021	2,071,820
2022	1,877,896
Thereafter	6,716,851
Total	<u>\$</u> 16,666,320

Rent expense is amortized using the straight line method and was \$2,023,595 and \$1,896,862 for the years ended September 30, 2017 and 2016, respectively.

Litigation and Claims

The Foundation may be subject to various claims and assessments during the normal course of its operations. Management does not believe that any known claim or assessment would have a material impact on the Foundation's consolidated financial statements.

Costs Subject to Audit

The Foundation's costs under its government grants and cooperative agreements are subject to audit by the awarding agencies. Management of the Foundation does not believe that the results of such audits would have a material impact on the accompanying consolidated statements of financial position and the accompanying consolidated statements of activities and changes in net assets of the Foundation.

Notes to Consolidated Financial Statements-Continued

September 30, 2017 and 2016

NOTE I-LINE-OF-CREDIT

In 2016, the Foundation opened a line-of-credit agreement with a financial institution for a revolving lineof-credit in the amount of \$10,000,000. Interest is payable monthly at the London Interbank Offered Rate (LIBOR) plus 0.50 percent per annum. The line-of-credit had a maturity date of April 30, 2017 and is secured by the Foundation's investment securities. The agreement was renewed on April 18, 2017 to extend the maturity date to April 30, 2018. The loan agreement also contains specific financial and operating covenants of which the Foundation was in compliance as of September 30, 2017. The Foundation has not drawn upon the line-of-credit during the two fiscal years ended September 30, 2017 and 2016. As such, there were no amounts outstanding as of September 30, 2017 and 2016 nor was there interest expense for the years ended September 30, 2017 and 2016.

NOTE J-RETIREMENT PLANS

The Foundation's benefits package for its staff includes a 403(b), 457(f) and 457(b) tax-deferred annuity retirement plans. The total amount incurred by the Foundation for these benefits for the years ended September 30, 2017 and 2016, was \$1,371,995 and \$1,299,652, respectively.

NOTE K—PLEDGES RECEIVABLE, NET

All pledges are deemed fully collectible. The net present value of pledges receivable is expected to be received as follows at September 30:

	2017	2016
Less than one year One to five years Less: Unamortized discount on receivables	\$ 14,978,588 19,228,556 (1,290,127)	\$ 9,768,469 650,000 (28,841)
Pledges receivable, net	\$ 32,917,017	\$ 10,389,628

Notes to Consolidated Financial Statements-Continued

September 30, 2017 and 2016

NOTE L-PROPERTY AND EQUIPMENT, NET

Property and equipment consists of the following at September 30:

	2017	2016
Furniture and equipment Management information system Leasehold improvements	\$ 301,580 3,891,292 5,143,870	\$ 191,490 3,679,557 2,352,140
	9,336,742	6,223,187
Less: accumulated depreciation and amortization	(5,339,293)	(4,440,920)
Total property and equipment, net	\$ 3,997,449	\$ 1,782,267

Depreciation and amortization expense was \$898,373 and \$820,736 for the years ended September 30, 2017 and 2016, respectively.

NOTE M—ACCOUNTS PAYABLE AND ACCRUED EXPENSES

Accounts payable and accrued expenses consist of the following at September 30:

	2017	2016
Accounts payable Accrued personnel related costs	\$ 2,151,600 1,222,912	\$ 2,001,516 1,197,723
Total accounts payable and accrued liabilities	\$ 3,374,512	\$ 3,199,239

NOTE N-RELATED PARTY TRANSACTIONS

The Foundation received contributions from board members and other related organizations during the years ending September 30, 2017 and 2016, totaling \$2,842,000 and \$6,779,225, respectively.

Notes to Consolidated Financial Statements-Continued

September 30, 2017 and 2016

NOTE O-RISKS AND UNCERTAINTIES

The Foundation invests in certain investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risks associated with certain investment securities, it is at least reasonably possible that changes in values of investment securities which occur in the near term could materially impact the amounts reported in Foundation's consolidated financial statements.

Notes to Schedule of Expenditures of Federal Awards

Year ended September 30, 2017

NOTE A—BASIS OF PRESENTATION

The accompanying schedule of expenditures of federal awards includes the federal grant activity of the National Fish and Wildlife Foundation, and is presented on the accrual basis of accounting. The information is presented in accordance with requirements of Title 2 U.S. Code of Federal Regulations (CFR) Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards. Therefore, some amounts presented in the schedule of expenditures of federal awards may differ from amounts presented or used in the preparation of the basic consolidated financial statements.

NOTE B—CATALOG FEDERAL DOMESTIC ASSISTANCE

Catalog Federal Domestic Assistance (CFDA) numbers are assigned to various agreements presented on the Schedule of Expenditures of Federal Awards. When a CFDA number is not assigned, federal awards from the same agency made for the same purpose are combined by primary focus or source, and are considered one program for purposes of determining major programs.

NOTE C-INDIRECT COST

National Fish and Wildlife Foundation has not elected to use the 10 percent de minimus cost rate allowed under the Uniform Guidance.

NOTE D—REAL PROPERTY TRANSFER

During 2017, under the authority of Bureau of Reclamation, CFDA 15.508, the Foundation reconveyed property valued at \$11,097,647 to various organizations through the execution of subrecipient agreements. Accordingly, these transfers are not included in the current year's Schedule of Expenditures of Federal Awards (SEFA) as the original purchases of the related real property occurred in prior periods. Such subrecipient agreements are being monitored in accordance with the Foundation's subrecipient monitoring policies.

REPORT OF INDEPENDENT CERTIFIED PUBLIC ACCOUNTANTS ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS REQUIRED BY *GOVERNMENT AUDITING STANDARDS*

Grant Thornton LLP One South Street, Suite 2400 Baltimore, MD 21202

T 410.528.2020 F 703.919.6773 www.GrantThornton.com

Board of Directors National Fish and Wildlife Foundation

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the consolidated financial statements of the National Fish and Wildlife Foundation and subsidiary (the "Foundation"), which comprise the consolidated statement of financial position as of September 30, 2017, and the related consolidated statements of activities and cash flows for the year then ended, and the related notes to the consolidated financial statements, and have issued our report thereon dated February 9, 2018.

Internal Control over Financial Reporting

In planning and performing our audit of the consolidated financial statements, we considered the Foundation's internal control over financial reporting ("internal control") to design audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the consolidated financial statements, but not for the purpose of expressing an opinion on the effectiveness of internal control. Accordingly, we do not express an opinion on the effectiveness of the Foundation's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the Foundation's consolidated financial statements will not be prevented, or detected and corrected, on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in the Foundation's internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and other matters

As part of obtaining reasonable assurance about whether the Foundation's consolidated financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of consolidated financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Intended purpose

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Foundation's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Foundation's internal control and compliance. Accordingly, this report is not suitable for any other purpose.

REPORT OF INDEPENDENT CERTIFIED PUBLIC ACCOUNTANTS ON COMPLIANCE FOR EACH MAJOR FEDERAL PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE

Grant Thornton LLP One South Street, Suite 2400 Baltimore, MD 21202

T 410.528.2020 F 703.919.6773 www.GrantThornton.com

Board of Directors National Fish and Wildlife Foundation

Report on compliance for Each Major Federal Program

We have audited the compliance of National Fish and Wildlife Foundation (the "Foundation") with the types of compliance requirements described in the U.S. Office of Management and Budget's *OMB Compliance Supplement* that could have a direct and material effect on each of its major federal programs for the year ended September 30, 2017. The Foundation's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with the federal statutes, regulations, and the terms and conditions of its federal awards applicable to the Foundation's federal programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of the Foundation's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the Foundation's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of the Foundation's compliance.

Opinion on Each Major Federal Program

In our opinion, the Foundation complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended September 30, 2017.

Report on Internal Control over Compliance

Management of the Foundation is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the Foundation's internal control over compliance with the types of compliance requirements that could have a direct and material effect on each major federal program to design audit procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the Foundation's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency or internal control over compliance is a deficiency or internal control over compliance is a deficiency, or a combination of over compliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance is a deficiency, or a combination of deficiencies, in a deficiency, or a combination of deficiencies, in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in the Foundation's internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this Report on Internal Control Over Compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.
