

## 1 - Implementation Grants

Grants to implement projects that address program priorities on public, Tribal, and/or private lands; partnerships with NGOs and others through subawards are encouraged.

### Non-federal cost share

- States - 11.12% of grant request, of which at least 2.5% must be cash
- Territories - WAIVED
- Tribes - COVERED

### Eligibility

States, Territories, and federally recognized Tribes

### Geographic Focus

National

### Award Size

\$1 million - \$5 million

### Project Length

Up to 4 years

Restoration projects that include land acquisition ok

Landscape scale restoration requests beyond \$5 million may be considered. Please contact program staff.

## 2 - Planning Grants

Grants that enhance local capacity to implement future on-the-ground actions that address program priorities through community-based assessments, partnership building, planning, project design, and other technical assistance activities. Projects in this category should include multiple partners, be at a significant scale for the landscape/watershed/seascape, and clearly demonstrate how efforts will lead to implementation projects.

### Non-federal cost share

- States - 11.12% of grant request, of which at least 2.5% must be cash
- Territories - WAIVED
- Tribes - COVERED

### Eligibility

States, Territories, and federally recognized Tribes

### Geographic Focus

National

### Award Size

\$200,000 - \$2 million

### Project Length

Up to 3 years

## 3 - Sentinel Landscape Grants

Grants will be funded through the Readiness and Environmental Protection Integration (REPI) Program and will be prioritized to designated or emerging Sentinel Landscapes or areas that preserve or enhance military readiness. Projects in this category should include multiple partners and clearly contribute to outcomes identified in a Sentinel Landscape implementation plan. Projects in this category should also focus on enhancing local capacity to implement future on-the-ground actions. Projects in this category must demonstrate benefit to DOD facilities and be in the vicinity of or ecologically linked to a DOD installation or range. Preproposals should provide the contact information of the installation personnel who are part of the project team and support the proposed project efforts. Full proposals will be required to upload an endorsement letter from the lead Military Service, that signifies that the lead Military Service accepts all necessary environmental compliance oversight responsibilities. If you have questions, contact the REPI Office at [osd.repi@mail.mil](mailto:osd.repi@mail.mil).

### Eligibility

Non-profits, local municipal governments, and educational institutions, States, U.S. Territories, and Tribes

### Geographic Focus

prioritized to designated or emerging Sentinel Landscapes or areas that preserve or enhance military readiness, cannot be on military lands

### Award Size

\$200,000 - \$1.5 million

### Project Length

2-4 years

Restoration projects that include land acquisition ok

No match requirement

## 4 - National Forest Grants

Projects in this funding category are to be vegetation management or watershed restoration projects on National Forest System land. These projects must be carried out in accordance with a water source protection plan as developed under section 303(d)(1) of the Healthy Forests Restoration Act (HFRA) of 2003 or a watershed restoration action plan developed under section 304(a)(3) of HFRA of 2003.

### Eligibility

Non-profits, local municipal governments, and educational institutions, States, U.S. Territories, and Tribes

### Geographic Focus

National Forest System lands

### Non-federal cost share

25% of grant request, COVERED for Tribes

### Award Size

\$200,000 - \$1.5 million

### Project Length

2-4 years

## 5 - Private Forests, Rangeland and Farmland Grants

Grants will support outreach and engagement with private landowners for voluntary conservation efforts on working lands to advance NRCS Working Lands for Wildlife Framework and Initiatives (e.g. sagebrush, grasslands, northern bobwhite, northeast turtles, golden-winged warbler). Projects will help agricultural producers design and implement voluntary conservation practices and increase Farm Bill program participation and conservation practice implementation among agricultural producers, especially farmers and ranchers in the Historically Underserved and Special Emphasis categories.

### Eligibility

Non-profits, local municipal governments, and educational institutions, States, U.S. Territories, and Tribes

### Geographic Focus

Private lands within a Working Lands for Wildlife Framework or Initiative

### Award Size

\$200,000 - \$500,000

### Project Length

2-3 years

No match requirement
