Commercial fishermen

Fisheries Innovation Fund

According to the National Oceanic and Atmospheric Administration (NOAA), commercial and recreational fisheries had combined sales impacts of over $208 billion in the United States in 2015. However, some U.S. fisheries are struggling, both biologically and economically. As of 2017, NOAA reported that 35 stocks are categorized as overfished and 30 are categorized as subject to overfishing.

The Fisheries Innovation Fund releases two requests for proposals (RFPs) each year to work towards sustainable fisheries in the United States: a *Fisheries Innovation Fund* RFP and an *Electronic Monitoring and Reporting Grant Program* RFP.

Fisheries Innovation Fund RFP

NFWF launched the *Fisheries Innovation Fund* in 2010 to foster

Fisheries Innovation Fund 2018 Request for Proposals

Pre Proposal Due Date: Monday, May 14, 2018 by 11:59 PM Eastern Tim
Full Proposal Due Date: Thursday, July 12, 2018 by 11:59 PM Eastern Time

OVERVIEW

The National Fish and Wildlife Foundation (NFWF) will award grants to foster innovation and support effective participation of fishermen and fishing communities in the implementation of sustainable fisheries in the U.S. We anticipate awarding up to $950,000 through this solicitation. This solicitation also makes available funding provided through Community Service funds (arising from a federal environmental prosecution for benefits to marine wildlife and habitats).

The Fisheries Innovation Fund was created through a partnership with the National Oceanic and Atmospheric Administration (NOAA). The program seeks to support fishermen and communities as they work to meet the sustainable fisheries goals of the Magnuson-Stevens Fishery Conservation and Management Reauthorization Act of 2006, including provisions to help: 1) rebuild overfished stocks; 2) sustain fishermen, communities, and vibrant working waterfronts; 3) promote safety, fishery conservation and management; and 4) promote community and economic benefits.

Successful proposals will develop and carry out innovative approaches that:

1. Promote full utilization of Annual Catch Limits and minimize bycatch of overfished species and/or endangered, threatened, and candidate species;

Fisheries Innovation Fund

Eligibility

Eligible

- Non-Profit Organizations
- Non-Federal Government Agencies
  - State
  - Local
  - Municipal
- Tribal Governments
- Educational Institutions
- Businesses
- International Organizations
- Unincorporated Individuals

Ineligible

- U.S. Federal Government Agencies
  - Including the Fisheries Management Councils

NFWF

Fisheries Innovation Fund

Matching Requirements

- 1:1 non-federal match is required
  - Ex: A project requesting $50,000 is required to provide $50,000 in non-federal matching contributions

- Types of Match
  - In-kind (Ex: staff time, materials supplies, unrecovered indirect costs)
  - Cash

NFWF

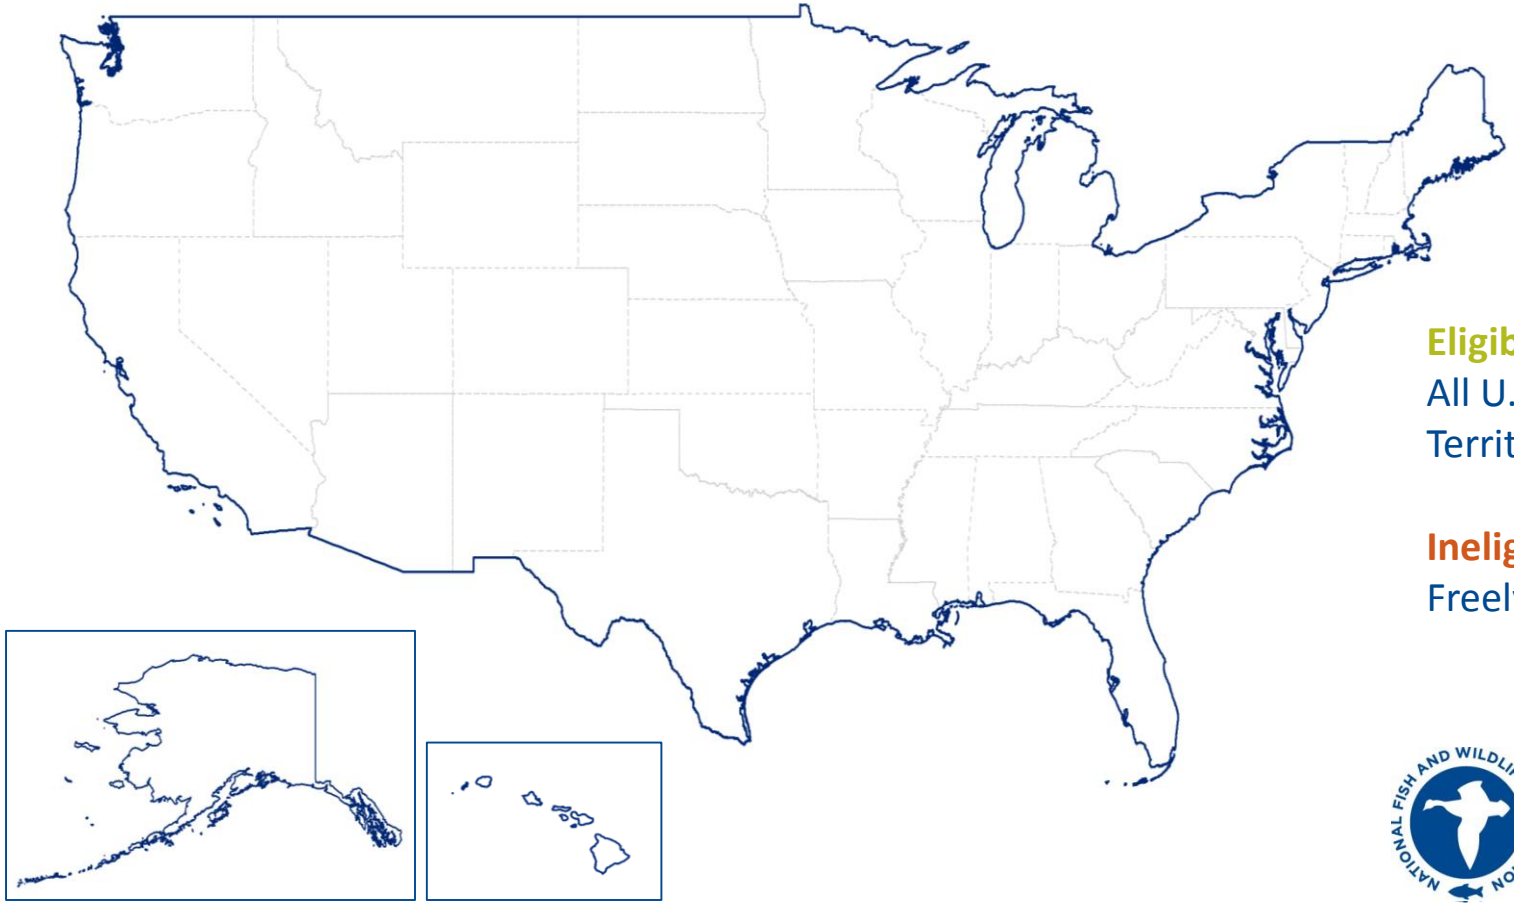
Fisheries Innovation Fund

Geography

All U.S. Fisheries Eligible to Apply

Commercial or Recreational Sectors

State or Federal Fisheries



Eligible:
All U.S. States and Territories

Ineligible:
Freely Associated States

NFWF

Fisheries Innovation Fund

Project Scale

In addressing program priorities, projects will either:

1. **Develop** or pilot innovative ideas
2. **Implement** a proven innovation at-scale

Eligible:

- The Great Lakes
- Puerto Rico
- U.S. Virgin Islands
- Guam
- American Samoa
- Commonwealth of the Northern Mariana Islds.

Ineligible:

Freely Associated States

NFWF

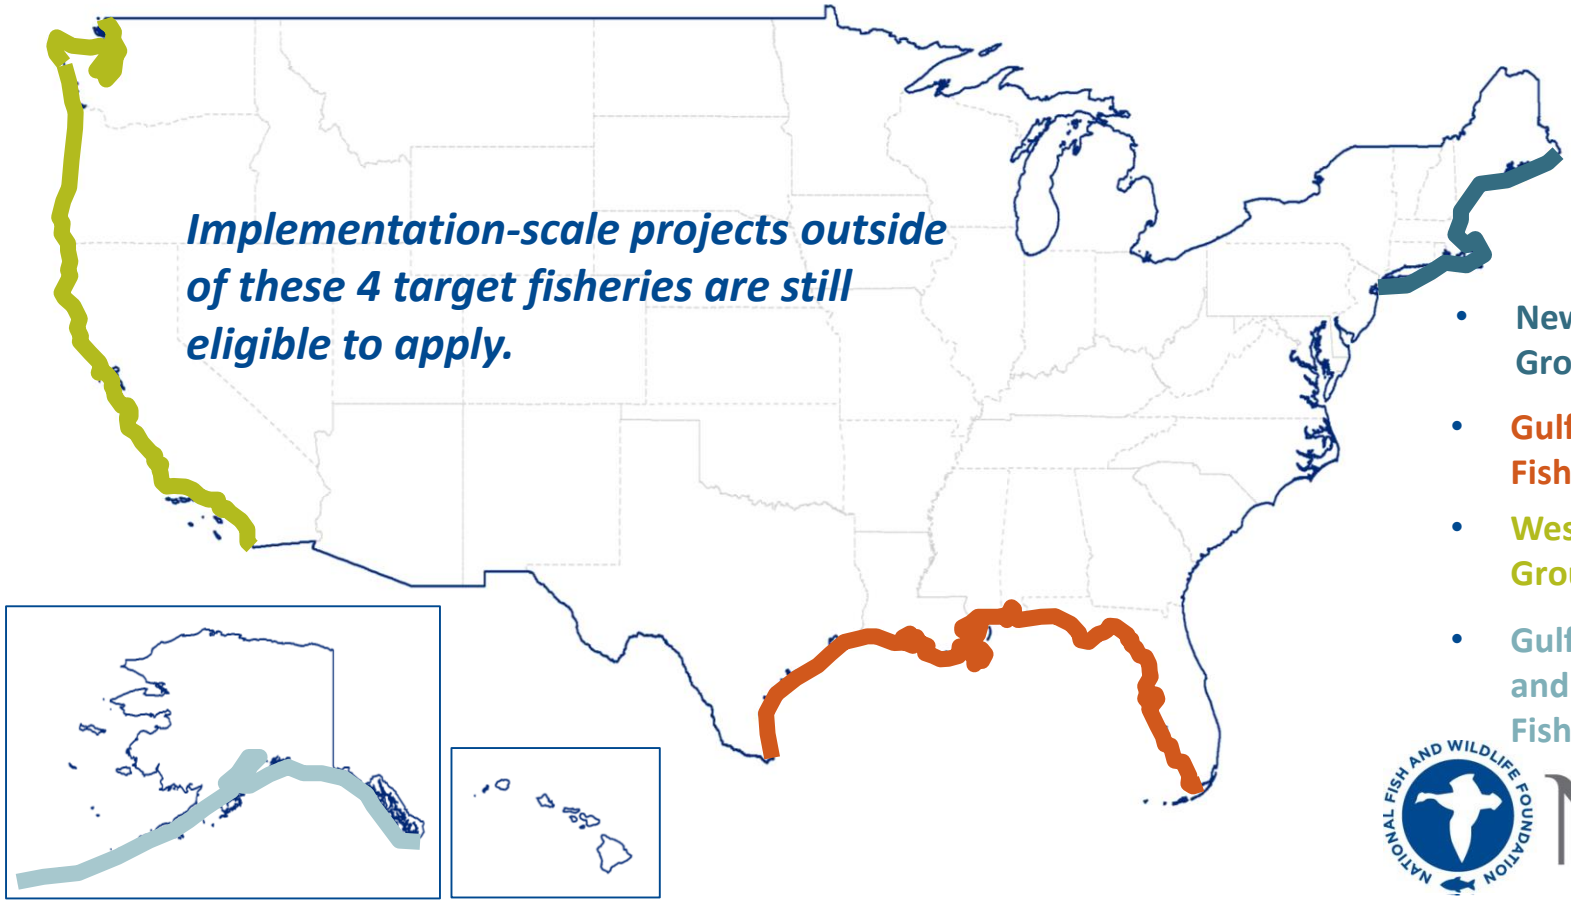
Fisheries Innovation Fund

Project Scale

If project aims to…

2 Implement a proven innovation at-scale

… project will be given priority if it occurs within one of 4 target fisheries.



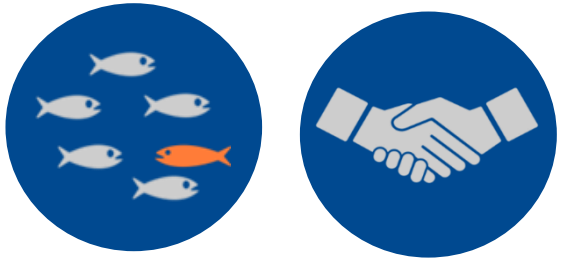
QUESTIONS?

Photo Credit: Penobscot East Resource Center, Inc.

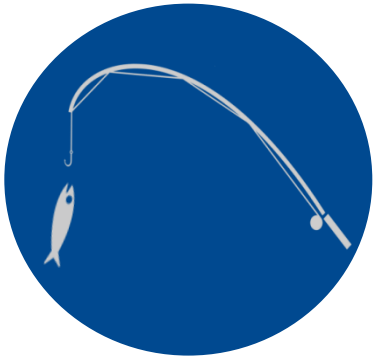
NATIONAL FISH AND WILDLIFE FOUNDATION NFWF

2018 PROGRAM PRIORITIES

Bycatch Reduction and Capacity Building



Recreational Fishing



Marine Aquaculture

Fisheries Innovation Fund

2018 Funding Priorities

Bycatch

Reduce bycatch through initiatives that allow fishermen to fully access annual catch limits

Bycatch hotspot *mapping, avoidance networks, risk pools, etc.*

Implementing bycatch reduction strategies for marine mammals and/or sea turtles

Promoting voluntary use of bycatch reduction devices in active fisheries resulting in reduced bycatch.

Eligible regions: Southern District of Florida, Gulf of Maine, West Coast, Alaska, and Hawaii.

Does not require 1:1 match

Fisheries Innovation Fund

2018 Funding Priorities

Capacity Building

Build capacity to improve economic viability & efficiency of fishing businesses & communities
Assist fishermen to diversify and stabilize incomes

Retain access to fisheries resources by fishermen in local communities
Regional Fishing Associations, permit/quota banks, etc.

Support financial viability through community sustainability plan & business plan development
May include information sharing and outreach

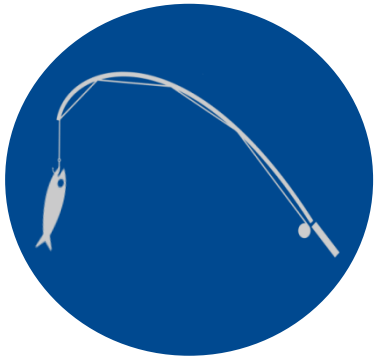
Develop processes to promote inter-generational fishery access & entry level access
May include enhanced participation in management process

Facilitate market innovations
Differentiated marketplaces, revenue diversification, value-added products, etc.

Fisheries Innovation Fund

2018 Funding Priorities

Recreational Fishing



Improve monitoring and assessment

Dockside validation, private angler surveys, etc.

Does NOT include EM/ER projects

Support management and research

Develop and pilot needed innovations in management approaches better suited to recreational fisheries

Expand best management practices

Study or influence angler culture and acceptance of conservation-oriented tools, techniques, and behaviors (e.g., handling practices, reduced discard mortality)

FISHERIES INNOVATION FUND

2018 Funding Priorities

MARINE AQUACULTURE

Develop or implement risk management strategies

Risk management plans

Inform siting of marine aquaculture operations

Develop plans for appropriate sites that avoids environmental risks

Priorities: 1) New England, 2) Southern California, 3) the Gulf of Mexico, and 4) marine aquaculture of mollusks or seaweed in Alaska (“mariculture”).

Fisheries Innovation Fund

2018 RFP Recap

2018 RFP PRIORITIES

- Bycatch Reduction and Capacity Building & Market Development
- Recreational Fisheries
- Marine Aquaculture

ELECTRONIC MONITORING AND REPORTING PROJECTS

Apply to the Electronic Monitoring & Reporting Grant Program

RFP not currently available (expected in spring/summer 2018)

ELIGIBILITY

- All U.S. fisheries eligible
- Seeking both innovation development & implementation
- Implementation projects will be prioritized if they occur within one of 4 target fisheries:
  - New England Groundfish Fishery
  - Gulf of Mexico Reef Fish Fishery
  - West Coast Groundfish Fishery
  - Gulf of Alaska Groundfish Fisheries

Fisheries Innovation Fund Pre-Proposal Tip Sheet

STARTING AN APPLICATION

When you are ready to begin the application process, go to easygrants.nfwf.org.

- New users to the system will be prompted to register before starting their application.
- Existing users should log in using their e-mail address and password. If you have forgotten your password, please click the "Forgot your password?" link on the Easygrants login page and a reset link will be sent to you. The link expires within 24 hours of being sent.
- Once you are logged in, click the **Apply for Funding** button, and select Fisheries Innovation Fund – 2017 from the list of "Available Funding Opportunities".
- Complete the Eligibility Quiz and Save and Submit your response.
- If you pass the Eligibility Quiz, Easygrants will return you to your personal Easygrants Home Page. From there, click on the Pre-Proposal for the ***Fisheries Innovation Fund***. Now you are ready to get started! If you do not pass the Eligibility Quiz, please contact the NFWF Program Contact identified in the RFP.

* * * * *

The instructions below follow sequentially through each section and field in Easygrants required for this program. You may, however, complete these sections and fields in any order. You are encouraged to use the **Help** feature in Easygrants for additional guidance and examples. Additional resources for applicants, including the Indirect Cost Policy, can be accessed on the NFWF website by clicking here. Use the Quick Launch box on the left hand side of the screen to locate your desired information.

Take Note!

- **Pop-ups:** Easygrants uses pop-up windows to display some files. Please make sure your web browser allows for pop-ups. The internet browser pop-up blocker must be disabled prior to beginning the application process. You can also try holding the Shift or Control (CTRL) key when clicking the link.
- **Cookies:** Easygrants uses cookies to maintain the session information. Please make sure that your browser and computer can accept cookies.
- **PDF:** Easygrants uses PDFs extensively. Make sure you are able to use Adobe Reader.
- **SAVING AND SUBMITTING:** Once an application has been initiated, it may be saved and then modified and submitted at a later time, up to the application deadline of **May 25, 2017 11:59 PM Eastern Standard Time**. Please note DO NOT hit the "Submit" button until you are actually ready to submit. Once you hit submit the application is formally submitted and you may no longer make changes.

CONTACT INFORMATION

Enter the contact information for the primary person responsible for completing the Easygrants application (this person is tagged as the Principal). Additional personnel may be added to your Easygrants account by clicking the "Add" button and entering their information (tag as a Collaborator).

ORGANIZATION INFORMATION

Use the "Select Organization" button to search for your organization; you can search by Name, EIN number, or DUNS number. When searching by Name, it is recommended that you enter as few words as possible to ensure your return list is comprehensive. Select your organization from the list that is the most complete (has DUNS and/or EIN numbers). If Easygrants informs you that your organization's EIN or DUNS already exists but you are unable to find your organization, please contact Easygrants@nfwf.org for support (include your organization's name, EIN, DUNS). If your organization is new to Easygrants, click the "Add New" button at bottom of list and fill out your organization's information.

PROJECT INFORMATION

- **Project Title:** Please do not call your project Fisheries Innovation Fund Proposal. Give it a short, descriptive name that will distinguish it from other proposals and indicate project purpose. (300 character limit, including spaces)

Project Information

Due: 5/14/2018 11:59 PM ET

Easygrants ID: 61294

Whipple, Haven |
Grants | Fisheries Innovation Fund | Fisheries Innovation Fund 2018

Instructions

Below is a list of documents that can be attached to your submission. Documents marked as required must be uploaded before you will be able to submit. If you do not have a required document, upload a Word document with an explanation in its place. To create your narrative document, begin by downloading the template provided below, and saving it to your computer. Use the template to create and save your narrative document on your computer.

Follow these steps to download and create your narrative document:

1. In the Upload Checklist below, click the **Template** link for the document you want to create, and save the template file to your computer. This is a MS Word document.

2. Work within this template and save it to your computer.

To attach/upload your document(s) to this task:

3. In the Uploads section below, select the appropriate upload type from the Choose Upload Type drop-down list and click **Add Files**.

4. Select the file or files to upload from your computer and return to this page.

5. Click **Start** to the right of the file that you want to upload. The system will upload the document and display it in the Uploads list. If the Status does not display, wait 10 seconds and refresh the page. When complete, the Status will read "Successfully validated and converted file."

6. Once your document is uploaded, you may view it by clicking the file name or the name of the converted pdf. To re-upload a document, click **Delete** to the right of the document and start with *Step 3* above. When you are finished, click **Continue** to move to the next page in this submission.

Click Help for examples and instructions specific to this Uploads section.

NOTE: You must enable pop-ups to use this system. If a link does not open please try holding the Shift or Control (CTRL) key on your keyboard while clicking on the link, which may tell a pop-up blocker to allow the link to open. Click here for more information.

Fisheries Innovation Fund

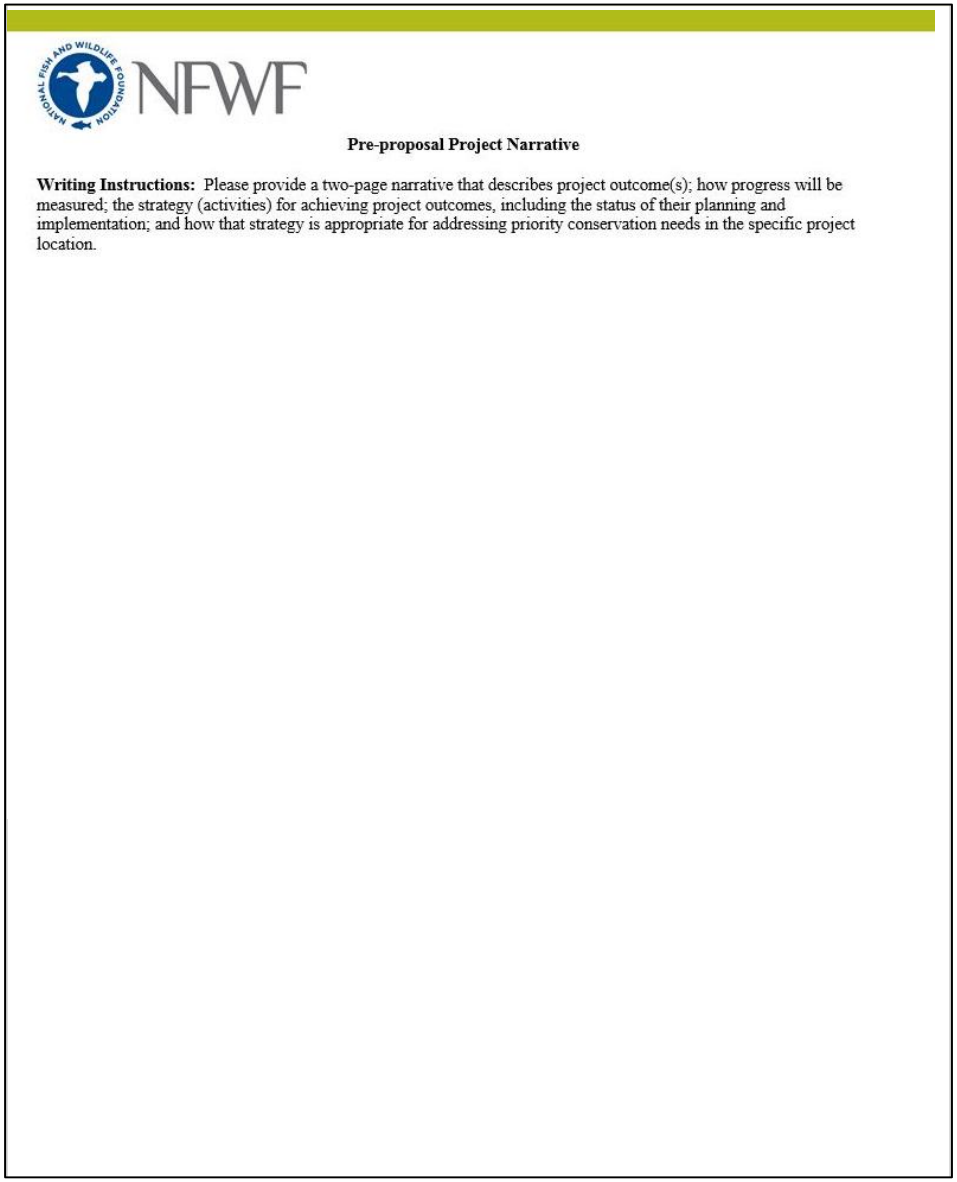
Pre-Proposal Narrative

Length:
2 pages

Formatting:
Keep outline format

Part I:
Basic information about proposed project

Part II:
Brief description of proposed methods, activities, and outcomes



NFWF

Pre-proposal Project Narrative

Writing Instructions: Please provide a two-page narrative that describes project outcome(s); how progress will be measured; the strategy (activities) for achieving project outcomes, including the status of their planning and implementation; and how that strategy is appropriate for addressing priority conservation needs in the specific project location.

FISHERIES INNOVATION FUND

Pre-Proposal Narrative

Part I – Provide a brief description of your project by completing each of the following sections in no more than two sentences.

a) **Priority Addressed:** List the priorities identified in the 2018 Request for Proposals that will be addressed by your proposal.

b) **Category:** Describe whether your proposal falls under the category of: 1) *Innovation*, in which a new innovative approach is developed and/or piloted, or 2) *Implementation*, in which previously tested innovations are disseminated and/or replicated.

c) **Fishery:** Indicate which fishery or fisheries your proposal will focus on.

d) **Participants:** Describe the participants that will be directly involved in the project activities described below, including the number of fishermen and/or fishing communities, if applicable.

e) **Project Location:** List all states, municipalities, coastlines, and marine areas in which you will conduct all project activities (maps may be included and do not count against the two page narrative limit).

NATIONAL FISH AND WILDLIFE FOUNDATION NFWF

PRE-PROPOSAL NARRATIVE

Part II – Detail the proposed methods, outcomes, and activities associated with your project.

a) **Methods**: Provide a description of the methods you will use. Explain how your methods are suited to the project area and goals.

b) **Project Outcome(s)**: Describe the short-term outcomes/results anticipated to occur within the time span of the proposed project and the anticipated long-term utility of the project and its implications for future research, management, or conservation activities.

c) **Proposed Activities**: Briefly describe your strategy (activities) for achieving the project outcome(s) and where you are in their planning and implementation.

d) **Measure of Success**: Discuss how you will measure progress and success against your proposed outcome(s) and briefly outline your monitoring plan to capture these results.

Instructions

ATTENTION: Submission requirements are not complete. Review the validation status of each item below to determine the outstanding requirements. Validated or complete requirements are marked with a **green checkmark**. Invalid or incomplete requirements are marked with a **red X**. Once all requirements are validated, the **Submit** button will be displayed and you can submit

Click the **View PDF** button below to view, print, and/or save your final PDF. This PDF will contain all of the information that you have submitted. The PDF will not contain financial documents that may have been uploaded. After submission, you will be able to view your PDF from your Home page by clicking the View All Tasks button, finding your proposal, and clicking the View PDF button. The PDF copy will be available for a limited time and should be saved.

NOTE: You must enable pop-ups to use this system. If a link does not open please try holding the Shift or Control (CTRL) key on your keyboard while clicking on the link, which may tell a pop-up blocker to allow the link to open. Click here for more information.
