BUDGET

Please refer to the [Detailed Budget Instructions](#) sheet in order to accurately complete a budget for this project.

The Budget provides Applicants with an opportunity to detail and substantiate estimated project costs per "cost category". Within each cost category, it is important that each line item specify the type of cost, the unit (hours, days, count, etc.) that will be utilized, the unit cost and total cost. To the extent that this information cannot be captured in a line item it should be presented in the narrative portion for the respective cost category. Please also include any assumptions that have been made to generate unit costs for each budget line item. **Budgets with lump sum amounts or that have not been filled out properly in accordance with these guidelines (e.g., lack of sufficient justification for the proposed cost) will be returned back to the Applicant and will not be reviewed.**

Note: The "Requested Amount" entered on the "Project Information" page must match your budget total exactly. The budget should only represent the grant amount being requested from NFWF; **it should not include matching funds or represent the overall budget for the project.**

Please note that no part of the budget (neither NFWF funds nor match) may include: advocacy/lobbying; fundraising; litigation; terrorist activities; nor activities in violation of the Foreign Corrupt Practices Act.

Indirect Costs: Indirect costs may be budgeted as a line item. The maximum indirect rate allowed by the WY Golden Eagle Fund is 10% of the modified total direct project costs (MTDC) (e.g., 10% of the total of all direct salaries and wages, applicable fringe benefits, supplies and materials, services, travel, and up to the first \$25,000 of each sub-award (e.g., consulting contracts). MTDC excludes equipment, capital expenditures, rental costs, tuition remission, scholarships and fellowships, and participant support.

MATCHING CONTRIBUTIONS

Matching contributions are **not** required. If applicants would like, you may include federal and non-federal matching contributions that are expected to be received for the proposed scope of work.

Click the “Add” button to add sources of matching contributions, and list each source of matching contributions separately in the space provided. Matching consists of the portion of project costs not paid with NFWF funds and may be in the form of cash, in-kind contributions and/or donations. Matching must meet all of the following criteria:

Non-federal Match:

- Verifiable from the grantee’s records
- Not included as contributions for any other award
- Necessary and reasonable for accomplishment of project or program objectives
- Are allowable costs based on the program and funding source guidelines
- Committed directly to the project and must be used within the period of performance

Federal Match:

- Verifiable from the grantee’s records
- Not included as contributions for any other Federal award
- Necessary and reasonable for accomplishment of project or program objectives
- Not paid by the Federal government under another Federal award except when authorized by Federal statute (if applicable)
- Are allowable under OMB Cost Principles
- Committed directly to the project and must be used within the period of performance

PERMITS and APPROVALS

If permits and/or approvals are required for this project, click the “Add” button to provide details for each permit and/or approval. Include extra information in the description section as necessary (e.g., pre-permit meeting held on Jan. 1, 2013, etc.).

REVIEW and SUBMIT

When you are ready to submit, each section of your proposal should be indicated “Complete” with a green check mark (✓) in the “Status” column. If any section is indicated “Incomplete” with a red (✗), you will not be able to submit and must go back and check your work in each section that is “Incomplete”. The Validation Status section on the Review and Submit page explains why the system indicates a section is “Incomplete”.

To view and save your proposal you may click on the “View PDF” button. This function creates a composite file with all of the fields and substantive uploads, which you may then save as a stand-alone document. Please note that some of the financial documentation will be excluded from the composite file, but will be received by NFWF upon submission. Once you have reviewed your proposal for accuracy, click the “Submit” button to officially submit your proposal. Upon submission, you will receive a confirmation email from Easygrants@nfwf.org.

FREQUENTLY ASKED EASYGRANTS QUESTIONS

1. How do I get back into the Easygrants online system when locked out?

Please send an email to Easygrants Helpdesk (Easygrants@nfwf.org) with your name, proposal ID #, e-mail address, phone number, program you are applying to, and a description of the issue.

2. I forgot my Easygrants password. How do I get this information sent to me?

Please go to easygrants.nfwf.org click the "Forgot your password?" link, enter your e-mail address as the Login ID, and click Submit. Easygrants will e-mail a copy of your login information. If you are unable to log in please send an email to Easygrants Helpdesk (Easygrants@nfwf.org) with your name, proposal ID #, e-mail address, phone number, program you are applying to, and a description of the issue.

3. I have finished my proposal and it is not showing up as completed.

Remember to hit the "submit" button when you have completed the application.

4. How will I know when NFWF has received my completed application?

You will receive a notification from Easygrants@nfwf.org.

5. I completed the application and it will not submit. Why not?

If you are unable to submit your application, go to the Review and Submit form in the application. If any section is indicated "Incomplete" with a red (X), there will also be an explanation as to why the system indicates the section is "Incomplete". You must go back and check your work in each section that is "Incomplete". Below are two examples that frequently prevent submission:

- 1) Check the section of the Easygrants online application "Requested Amount" to see if it matches your budget total. The amounts must match **exactly** (down to the cent) for you to be able to submit a proposal. Please edit your Requested Amount if needed.
- 2) Do not complete sections of the budget where you have no costs. If you entered "0" for any budget line items, delete those line items. Placing a "0" in these line items will prevent you from submitting a proposal.

6. What should I do if a page crashes in Easygrants?

If you receive a System Encountered Error it is important to follow the instructions on the page

- 1) First, click **Resume** and you should return to the previous page. Check if the action you tried to complete occurred. If the action did not complete, make a note of what page you are on and what button or link you are clicking.
- 2) Retry the action. If the system crashes again you must click the **Send an E-mail** to report the issue. This will open a Send Error Message E-mail page in a new window or tab. **Do not skip these steps and e-mail Easygrants Helpdesk yourself; we need the information in this e-mail to resolve your issue.**
- 3) Enter your name, proposal ID #, e-mail address, phone number, and a description of what happened. The description needs to include what page you were on, what data you may have typed into the page, what button/link you clicked, and what you were trying to do.
- 4) Click **Submit** to send the message and report the error. This will be sent to the NFWF Easygrants Helpdesk along with additional technical information sent by Easygrants.

7. I need to download a copy of my submitted proposal.

To download a copy of your proposal after submitting please go to your Home screen, click the **View All Tasks** button, and find your proposal in the list of tasks. Click **View PDF** to download a copy of your proposal. If the PDF does not open or begin downloading please try again, holding the Shift or Control (CTRL) key on your keyboard to override your pop-up blocker. Please note that proposals are only available for a limited time after a cycle closes.

8. What is a Certificate of Good Standing or Certificate of Existence and how do I obtain one?

A Certificate of Good Standing or Certificate of Existence is a state-issued document used to demonstrate that a corporation or limited liability company (LLC) exists and is authorized to do business in the state and has complied with all state-required formalities. This document must be submitted with the application and be dated within the last 12 months. If you do not have this document, please request it from Wyoming State immediately. To obtain a Certificate of Good Standing or Certificate of Existence from the state of Wyoming please see the following website: <https://wyobiz.wy.gov/business/viewcertificate.aspx>

A Certificate of Insurance is a document issued by an insurance company or broker that is used to verify the existence of insurance coverage. This document shows that your organization maintains adequate insurance against liability for injury to persons or property from any and all activities undertaken by the project. If you are unsure what type of insurance is required,

please consult your insurance agent about the nature of your project.
